🌐 Avsar Suvagiya

PROFILE

- I am **Avsar**, a passionate Bachelor of Computer Applications (**BCA**) final-year student based in Surat, with a strong interest in **web development**. I enjoy creating responsive and user-friendly web applications using modern technologies. I am always eager to learn new skills and improve my technical knowledge. My goal is to build innovative digital solutions that solve real-world problems and contribute effectively to the IT industry.

PROFESSIONAL EXPERIENCE

Internship at PD Avenue (3 Month)

- Completed a one-month internship at PD Avenue, where I gained hands-on experience in backend development using PHP. Learned to create and manage APIs, handle server-side logic, and work with data management.
This internship helped me understand how to build efficient backend systems and improved my problem-solving and coding skills.

PROJECTS

FoodManagement System

- Developed a Food Management System using PHP, MySQL, HTML, CSS, and JavaScript. The system allows users to manage food items, categories, and orders efficiently through a user-friendly interface. Implemented features like adding, updating, deleting food items, and managing customer orders, which helped improve my understanding of full-stack web development and database management.
- Used Technology: HTML, CSS, JavaScript, PHP, MySQL

Skills

- **Technical Skills:**
Front end: HTML , CSS , JAVA SCRIPT , REACT JS , Bootstrap , Vite server, Tailwind CSS, HTML5
Back end: PHP , My SQL
- **Soft Skills:** Critical thinking, Time Scheduling, Problem solving, ChatGPT Prompting

Education

BCA: SutexBank College of Computer Application (VNSGU)
